AV & ENTERTAINMENT

Nick's Quorum features live music from the region's notable musicians specializing in rat pack and jazz standards on various nights. The music volume from the musicians is mid-ground level, which is lively but still allows dining guests to talk to each other. There is no extra fee for dinners/events in which performances are already scheduled. Please see the NicksQ.com event page for performance dates and times.

Curated music from nationally acclaimed DJ Josh One is featured in a "podcast" style soundtrack in all dining areas while musicians are not performing. DJ Josh One's nightly playlist mixes dirty jazz, rat pack, swing and modern/acid versions of those genres to bring a one-of-a-kind mix of ultra-lounge music paying homage to the classics.

All contracted dinner/events, excluding Warren's Corner Private Dining Room or Full House, will be subject to the volume and music content set by the management team or musician. For events in Warren's Corner Private Dining Room or Full House - Complete Supper Club Private Event, there are many options available:

AV & ENTERTAINMENT CONTINUED

- Complimentary cordless microphone that can be utilized to present or give announcements.
- Full volume control of musician or Nick's Quorum soundtrack in private dining room.
- Playing of host/client provided music content and provided player with XLR input, to prescribed volume level.
- Additional Visual Presentation options for rental (such as projector, flip charts, etc) are available through separate contracting with the Hilton's AV provider: Encore.
- Adding Live Musicians to any event is easy, and Nick's Quorum Team can assist with sourcing the area's best performers. In most situations, these costs can be reviewed separately and added to final check.
